

News Release (6409 TSE 1)

March 3, 2016

Company	KITO CORPORATION
President and CEO	Yoshio Kito
Identification Code	6409 (TSE 1)

Join KITO at the LogiMAT 2016 (8 - 10 March) in Stuttgart (Germany)

DUSSELDORF, March 3, 2016 — Kito is taking the opportunity to present its latest developments in the lifting and material handling industry at LogiMAT 2016 in Stuttgart (Germany) - the International Trade Fair for Distribution, Materials Handling and Information Flow.

At LogiMAT, Kito will present the current developments and trend-setting innovations in the manual and electric chain hoist product segments. Furthermore the new generation of electric chain hoists including the variable speed and inverter-controlled hoists will be on the exhibition line. Kito believes we can deliver best solutions to our customers in the industry.

Come and see us in exhibition Hall 9; Booth D57!

Show Venue: New Stuttgart Trade Fair Center, Stuttgart, Germany

Show website: <http://www.logimat-messe.de/en>

Opening hours: daily 9 a.m to 5 p.m

About Kito

Kito, since its founding in 1932 consistently designs and manufactures innovative product solutions to the hoisting and conveying industry always with an eye on the highest quality in safety, ease of use, reliability and satisfaction to the customer needs. This Kito philosophy is based on precise manufacturing quality and consistent process improvement, followed by strict internal and external quality controls at the most advanced level. The significant part of Kito's premium chain hoists are certified by the BG with a GS certificate and meet the highest safety standards guaranteeing a long product life with minimum maintenance expense and maximum operating efficiency.
